The Fund for Public Health in New York City, (FPHNYC) is a 501(c)3 non-profit organization that is dedicated to the advancement of the health and well-being of all New Yorkers. To this end, in partnership with the New York City Department of Health and Mental Hygiene (DOHMH), FPHNYC incubates innovative public health initiatives implemented by DOHMH to advance community health throughout the city. It facilitates partnerships, often new and unconventional, between government and the private sector to develop, test, and launch new initiatives. These collaborations speed the execution of demonstration projects, effect expansion of successful pilot programs, and support rapid implementation to meet the public health needs of individuals, families, and communities across New York City.

PROGRAM OVERVIEW:
The Harlem Health Advocacy Partnership (HHAP) is a DOHMH funded community health worker demonstration project aimed at reducing the rates of diabetes, hypertension, and asthma in the East Harlem NYCHA community. HHAP aims to accomplish this by identifying NYCHA residents with any/all of these three chronic illnesses, and helping them better manage their illnesses through:

- One-on-one health coaching sessions
- Individual and group-level educational workshops
- Assistance in acquiring and navigating health insurance
- Referrals to clinical and social support services in the community
- Advocacy and community organizing

POSITION OVERVIEW:
The Community Health Organizer will work directly with the Community Organizing Specialist as a key supporting member of the HHAP Community Activation Team (CAT).
